# Our Work

## Let Denver Carpet & Flooring handle your flooring needs

Whatever your business is and requires, Denver Carpet & Flooring offers the best in style, functionality, price, and service. We take pride in the work we do and we want to show you why below.

### COMMERCIAL

At Denver Carpet & Flooring we partner with top manufacturers who produce technologically advanced, sustainable, and stylish surfaces to meet the budget, regional aesthetic, brand centric and functional purpose requirements for your commercial property.

### MULTI-FAMILY

The intimate environment of condominiums, townhomes and apartment buildings require a unique set of elements to consider when making flooring decisions. Some types of flooring may not be the best choice for condominiums due to the significant neighbor noise resulting from footfall and other structure borne sound and vibration. Let our experts help you evaluate the proper choice.

### REALTORS

Realtors, whether you're working on a residential or commercial project, you're defined by the edge you provide and getting your clients the best deal. We can help by sharing our savvy market knowledge and a deep understanding of customers needs and desires when choosing the right flooring for the right application.

## PROPERTY MANAGEMENT

Our experience with property managers reveals several common issues they have experienced with other flooring companies. What are your concerns? Has there been a lack of communication? Have you experienced installers who don't follow your property rules and leave a mess for you to clean up? Has the selection of flooring options been limited?

**5 out of 5 stars**

"I wanted a quote and when Deb came out to show me all the samples, she was amazing! She went over everything in detail and then we talked about carpet while she measured. It was an extremely quick and painless process and would absolutely recommend them to anyone looking for flooring!"

Stacey T. February 21, 2022

**5 out of 5 stars**

"The process of getting engineered wood floors installed was amazing from start to finish. Everyone was extremely knowledgeable and kind. And it was especially amazing working with Kevin and Arturo. There was such an amazing eye for detail in installing my flooring and every day they left the jobsite cleaned up and livable. I can't recommend them enough."

Nicole M. April 21, 2022

**5 out of 5 stars**

"Denver Carpet and Flooring replaced most of the carpeting in our building. From the very beginning it was a pleasure working with them. Everyone we worked with was friendly. They were very attentive, The installation process was also completed without any issues. They did an awesome job. We love our new carpeting. I highly recommend this company."
