NEDERLAND FIRE PROTECTION DISTRICT MONTHLY REPORT FOR BOARD OF DIRECTORS

Operations/ Wildland

Budget complete and submitted to the county

LtC Bobby Swanson accepted a job offer from Boulder Rural Fire as a Lateral Firefighter.

Holiday party at Busey's. Everyone seemed to have enjoyed themselves. Thanks again to Sherry, Sarah Irwin-Powell and Amber Joslin for helping get the party together.

We are more than $\frac{3}{4}$ done with firefighter reviews, we are having great input and responses from the volunteers as well their own personal goals.

The station generator was refilled with the help of town.

Station generator's water pump started leaking badly and caused a malfunction during the last power outage. I was able to diagnose it, Daniel ordered parts and had it running again by morning.

I wrote a grant for new radios for all of our apparatus

Lots more First Due preparation

Vehicles:

5601 all recommended valves have been replaced and there is still more to replace

5602's generator didn't have a shut off switch, you basically had to shut the fuel off and wait for it to run out of fuel. Daniel has created a shut-off switch.

5602 suffered some minor damage from being backed into a guardrail. The engineer damaged a grabrail on the rear of the truck.

5651 had a broken lightbar that has been repaired

5621 headlights are weak, working on repairs.

5640 has a dead battery, waiting to find out from the state who pays for that.

NEDERLAND FIRE PROTECTION DISTRICT MONTHLY REPORT FOR BOARD OF DIRECTORS

Safety/ Training

I taught a class of 6 CPR/ First Aid

We planned and advertised a CPR and First Aid class to the community

We have 5 firefighters signed up for Firefighter 1 in the spring.

Next set of bi-annual competencies has been written

Sherry spent 2 days with PJ from Colorado River Fire learning how to do our fire billing through the federal system for wildland fires.

Next year's training calendar is written

Training on hot and cold injuries

JPR day for Hazmat Operations

Capt. Wheelock is preparing the bay for a SCBA maze for up-and-coming trainings.

EMS

Max Schmidtman graduated from EMT School, he won the award

Calendar for EMS grants and deadlines have been created.

ALS kit layout on 5651 was changed making room for new video laryngoscope.

Inventory control for medication

We interviewed (today Wednesday) for the EMS coordinator.
