

NEDERLAND FIRE PROTECTION DISTRICT
MONTHLY REPORT FOR BOARD OF DIRECTORS

REPORT GIVEN BY: Michael Scott – Fire Chief
DATE: 03/16/2022

ACTION ITEMS

Sale 5604 (Parade Truck)

FOLLOW UP

- Command Vehicle
- BCSO F-350 truck

OTHER UPDATES/INFORMATION

- The 2022 Firefighter Safety and Disease Prevention Grant was Awarded to Nederland Fire Protection District for \$16,105.00 that was allocated for five (5) sets of bunker gear, hoods, and gloves. This grant was completed by Larissa Reinhardt, and we would like to thank her so much for her hard work and successful grant writing.
- I had the opportunity to speak on the needs of the volunteer fire service in Colorado on the Senate floor. This was a great platform to not only discuss the needs of the volunteer/combination department but also of the needs in communities like ours when it comes to preparedness.
- Meet and greet with Boulder Communication Center. A tour of the facility as well as an operational communication plan training on the county.
- Meeting with Eldora Ski Patrol on overall operational needs and relationship/team building planning.
- We would like to thank mechanic Bill Baumgartner for his 22.6 years of service at Nederland Fire Protection District. We wish Bill luck on his future endeavors. As we plan for the future of this position, Captain Schmidtman will be overseeing the apparatus needs as we outsource the work that is essential.
- Job descriptions are all completed, reviewed, and implemented for staff.

Operations/ Wildland

- Repairs were finalized on 5617 and placed back in service, rebuilt tank fill valve on 5601 and was also returned from repairs, came in under 8k so that was under the 12k budget we had planned on.

NEDERLAND FIRE PROTECTION DISTRICT
MONTHLY REPORT FOR BOARD OF DIRECTORS

- Tried to repair flagpole, now waiting on parts.
- Continued to dismantle burn building, it is currently on the ground need to make final push to load it and move it to Netherland. Hopefully that will happen weather dependent this weekend.
- Heater in ambulance bay was repaired with Conor's help. Ambulance Licensing was completed.
- 5620 was taken out of service due to Terry unwilling to sign off the poor brakes, received possible methods of repairs and looks to be in the 10k range.
- 5601's charger failed and waiting on parts to repair. Plow truck was also repaired. 5621 has been reorganized and SCBA's have been installed.
- 5650 (baby command) had trouble running and dead battery, also been repaired (ignition key can be removed in wrong position and will kill the battery) Apparatus Committee has been created to assist in apparatus issues and change recommendations.
- Captain Schmidtman finished class aspect of Fire Officer 1 and all JPR's and need to now wait for authorization to test.

Safety/ Training

Immediate Safety Issues-
None to report

Injuries-
None to report

Exposures –
None to report

Safety Improvements projects-

- The operational accountability system has been implemented. We have created a system of PAR (personnel accountability report) tags that will be issued to each firefighter. The IC's now have access to accountability & tactical boards to track each firefighting team through an incident, as well as give them a place to track the progress of an incident. 3 PAR tags are now located on each firefighter's helmet and are required to get on an apparatus en-route to a large incident. This system will greatly improve our ability to keep our firefighters safe while performing on large fire incidents.

NEDERLAND FIRE PROTECTION DISTRICT

MONTHLY REPORT FOR BOARD OF DIRECTORS

- We have received 4 SCOTT RIT (Rapid Intervention Team) packs as a donation from Castle Rock Fire. These packs improve our ability to rescue a downed firefighter. We will be going through the implementation process of the RIT packs this coming month. A big thank you goes to FF Patrick Richardson for securing these packs for us.

Training

In-district training completed

- We had two very successful trainings on Motor Vehicle accidents.
- We are training on gas emergencies March 10th and March 12th
- We did our first experiments with video-based training & implementation. We received strong positive feedback from our line Firefighters and plan to continue using this training modality in the future.

Outside Training

- Capt. Moran and FF. Sweeny are currently attending Fire Instructor I.

Larger Training Projects

- Vector solutions training management software is fully built out for our use and is now ready for implementation with the line staff. We will be doing implementation trainings on March 14th, 25th, and 31st. We will be doing additional training for officers who will oversee the documentation of training.
- We are in the final planning stages for the exterior fire academy here at NFPD station 1, April 8th-10th, and April 23-24th. Our probationary firefighters have had the first opportunity to sign up for an academy slot. We will be opening the remaining slots to our mutual aid partners starting Monday, March 14th. We are charging outside agencies \$200 per participant, which we hope will offset some of the cost of this academy.
- Lt. Brooke Elder from Arvada Fire Protection District will be providing a Thermal Imaging class at NFPD on May 21st. This is the first of what we hope to build into a monthly extra credit training opportunity, provided by an outside instructor, and open to all neighboring agencies to attend. The intent is to provide a platform to introduce expert knowledge, new ideas, and advanced tactics into our region. We have several Firefighters and Officers from other agencies who have expressed interest in teaching at NFPD in this capacity.

NEDERLAND FIRE PROTECTION DISTRICT
MONTHLY REPORT FOR BOARD OF DIRECTORS

EMS

- Created and implemented 100% CQI program for medical reports.
- Created the EMS response supplies needed for Command Truck that included narcotics.
- Organized and updated ambulance supplies for all units.
- Working through the NREMT renewal process for members that need renewed.
- Scheduled optional in-house scenario and practical based EMS training has been going great
- EMT application is completed and submitted to State.
- Coordinated upcoming inhouse CPR class.

Fire Marshal

Fire Code updates:

I have submitted the 2018 Fire Code resolution to Boulder County for the Commissioner's approval process. *Still waiting on the County to schedule a hearing.*

Projects:

Grant opportunities continue to be evaluated by the Town and us for the CWPP update and potential mitigation projects.

The Town did receive word that they were awarded \$525,000 for the Big Springs egress project. They are continuing to look at grants to fund the remainder of the project (about \$200,000).

Planning continuing for a May 7th wildfire awareness event. Looking for a "keynote" speaker. As a reminder this is to coincide with the NFPA's Wildfire Community Preparedness Day.

Sprinkler repairs are underway. Fire alarm monitoring bid has been received and forwarded to the Chief.

Eric and I met with a larger ad-hoc group of wildland-oriented members about potential wildland truck deployment this coming summer and other wildland issues. The larger group concurs that deployment possibilities will be limited this summer due to our current qualified staffing.

NEDERLAND FIRE PROTECTION DISTRICT
MONTHLY REPORT FOR BOARD OF DIRECTORS

Routine Inspections:

Inspections are continuing. Volunteer Chuck Chadakoff has expressed interest in assisting with inspections, discussions continuing.

Ongoing activities:

Frozen Dead Guy Day's planning is continuing. The Town drastically cut back its law enforcement requests for this event therefore the planning piece is smaller. We'll be staffing with an additional Shift Captain and BLS ambulance on Saturday, paid by FDGD's. In addition, AMR will be providing an ALS ambulance for all three days as opposed to just for the four hours of the Coffin Race and Polar Plunge.

The funding from the NDDA was approved and in process.

Still no word from BVSD on the NMSHS sprinkler/standpipe system removal. The State Division of Fire Prevention and Control (DFPC) has expressed its willingness to assist as needed with this.

Clinica Health is moving into the 80 Big Springs building. In plan review now.

Igadi marijuana dispensary is moving to the Alpine Botanical building (92 E 1st St.) and will incorporate more "manufacturing." Plan review and inspections will be forthcoming.

Computer software/IT

Dear fire department,

Thank you for being brave and strong enough to be willing to fight for people's homes and livelihood on days like Dec 30th with the Marshall Fire. So many people were effected but you were all able to stop the fire from effecting many others. As a member of our community I would like to thank you for everything you do for all of us to keep us safe.

Sincerely,

Mel ^U
of the Silver Creek Leadership
Academy

MOUNTAIN VIEW FIRE PROTECTION DISTRICT

www.mvfpd.org

February 28, 2022

On Thursday, December 30th, 2021 our agency was challenged by the events that unfolded during the Marshall Fire in Boulder County. The immediate response and support from our partner agencies across the State have been incredible but not surprising.

Our agency wanted to personally thank your agency and especially those who responded for the immediate assistance provided to Mountain View Fire Protection District during a challenging time for our agency and the communities that we proudly serve. The exemplary level of expertise, compassion, and commitment to service your crews demonstrated was greatly appreciated.

Mountain View Fire Protection District takes pride in our long-standing history of being able to provide mutual aid assistance during times of need, this time it is our agency that is humbled by the overwhelming response, support, and care provided by your agency when we requested help.

The events of the Marshall Fire will live on in many forms for future generations of residents and responders across the nation. Please know that your agency owns a part of the successful response we had as an emergency response community that day.

With our deepest gratitude and respect, we thank you for a job well done. We look forward to opportunities in the future to work with, train with, and respond to assist our partner agencies whenever the call arises.

With deep appreciation,

Chad Christian
